2. Composition / information on ingredients

Material	Purity	Impurities	Elements , ppm
Gold (Au)	99.99%	≤ 100 ppm	Ag: ≤30, Be: ≤10, Ca: ≤30

3. Hazards information for man and environment

No identified effect on man and environment

4. First aid measures**General information**

Product composition and nature is insusceptible to case of any inhalation and ingestion.

In case of skin contact

If anyone has allergy to gold, seek medical advice.

In case of eye contact

Avoid too much rolling of eye ball and immediately seek doctor for treatment.

Treatment

Seek medical advice for any symptoms.

5. Fire fighting measures

Product does not burn but will only change form and melt down if directly expose to fire.

7. Handling and storage

Handle the product in vertical position.

Wear protective gloves to handle the product.

Store in controlled environment and safety locks to avoid any loss or damage.

8. Exposure controls / personal protection

No declared special measures.

9. Physical and chemical properties

Form	Color	Odor
solid strands	yellow gold	odorless
Boiling point	2807 deg centigrade	
Melting point	1063 deg centigrade	
Density	19.3 g / cu cm	
Solvent solubility	aqua regia, hot sulfuric acid, alkali cyanide solution	

10. Stability and reactivity

Conditions to avoid

No hazardous reactions known

Hazardous decomposition products

none

11. Toxicological information

No known information

12. Ecological information

Ecological data are not available.

13. Disposal considerations

Recommendations for the product
Not to be disposed, recyclable material.

Recommendation for the packaging
Packaging is returnable to supplier for proper disposal or re-use.

14. Transport information

Not regulated.

15. Regulatory information

Remarks for classification
Does not require a hazard warning label but proper handling precautions must be observed.

16. Other information
